Sathyabama University
Chennai • May-2027
MCA(Current) • 8.00CGPA

SASTRA
Kumbakonam • Jun-2025
BCA • 6.9CGPA

HSC: Sowdambikaa Matric Boys
Hr. Sec School, Trichy • 78.8%

SSLC: ST. Anne's Matric Hr. Sec
School, Kumbakonam • 71.4%

PROFILE

Tech enthusiast and aspiring Software Intern skilled in programming fundamentals, web development, and problem solving. Currently pursuing MCA at Sathyabama University (CGPA 8.0) and consistently building projects to strengthen real-world development skills.

PROJECT

Connect Us | Java, Firebase, Google Maps API | Mar 2025

Developed an Android-based real-time location sharing and tracking application using Java, Firebase, and Android Studio. Implemented secure user authentication, group creation, and group joining via shared links, along with real-time group chat functionality to enhance team communication. Integrated Google Maps APIs for live location updates, synchronized chat and location data using Firebase Realtime Database, and enforced privacy controls to ensure access was limited to authorized group members.

Tech Stack: Java, XML, Firebase, Google Maps API, Android Studio

Beast Force Gym Web | React, FastAPI, MariaDB | Aug 2025

Developed a web-based gym management system to manage member registration, subscriptions, renewals, and account status. Built a responsive admin dashboard using React with search, filtering, deletion, and data export features. Implemented RESTful APIs using Python (FastAPI) with MariaDB for secure and efficient data handling.

Tech Stack: React.js, JavaScript, CSS, Python (FastAPI), MariaDB, REST API

CERTIFICATION

FULL STACK WEB DEVELOPER IN PYTHON

Vebbox Software Solutions • AUG-2025
